### NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-250 and 50-251]

#### Florida Power and Light Company; Turkey Point Unit Nos. 3 and 4; Notice of Partial Denial of Amendment to Facility Operating License and Opportunity for Hearing

The U.S. Nuclear Regulatory Commission (NRC) has denied a portion

of an amendment request by the Florida Power and Light Company (FPL or the licensee) for an amendment to Facility Operating License Nos. DPR-31 and DPR-41, issued to the licensee for operation of the Turkey Point Plant, Units 3 and 4, located in Dade County, Florida. Notice of Consideration of Issuance of this amendment was published in the **Federal Register** on November 9, 1994 (59 FR 55869).

The purpose of the licensee's amendment request was to revise the Technical Specification (TS) to revise the definition of core alterations, allow the personnel airlocks to be open during core alterations and revise a footnote pertaining to opening of certain valves.

The NRC staff has concluded that the portion of the licensee's request regarding the footnote allowing certain valves to be open during core alterations cannot be granted for the reasons stated in letter dated May 11, 1995. The licensee was notified of the Commission's denial of the proposed change by letter dated May 11, 1995.

By June 19, 1995, the licensee may demand a hearing with respect to the denial described above. Any person affected by this proceeding may file a written petition for leave to intervene.

A request for hearing or petition for leave to intervene must be filed with the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC, 20555, Attention: Docketing and Service Branch, or may be delivered to the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC 20555, by the above date. A copy of any petitions should also be sent to the office of the General Counsel, U.S. Nuclear Regulatory Commission, Washington, DC 20555, and to J. R. Newman, Esquire, Morgan, Lewis & Bockius, 1800 M Street, NW., Washington, DC 20036, attorney for the licensee.

For further details with respect to this action, see (1) the application for amendments dated October 20, 1994, and (2) the Commission's letter to the licensee dated May 11, 1995. These documents are available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC 20555 and at the Florida International University, University Park, Miami, Florida 33199. A copy of Item (2) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, DC 20555, Attention: Document Control Desk.

Dated at Rockville, Maryland this 11th day of May, 1994.

For the Nuclear Regulatory Commission.

BILLING CODE 7590-01-M

[Docket No. 030-22026; License No. 37-20746-01 (Revoked) EA 95-090]

#### Joseph Paolino and Sons, Inc.; Mt. Laurel, New Jersey; Confirmatory Order

##### I

Joseph Paolino and Sons, Inc. (Licensee) previously held Byproduct Material License No. 37-20746-01 issued by the Nuclear Regulatory Commission pursuant to 10 CFR Part 30. The license authorized the possession and use of sealed sources containing byproduct material (cesium-137 and americium-241) in portable moisture density gauges, in accordance with the conditions specified therein. The license was issued on September 20, 1984 and was revoked by an Order Revoking License for nonpayment of fees on July 30, 1993.

##### II

The Order Revoking License directed the Licensee to transfer all licensed material that was in its possession to an authorized recipient. The Licensee failed to transfer the material and on August 18, 1994, the NRC issued a Notice of Violation and Revoked License, which was returned unclaimed and resent by messenger service and signed for by the Licensee on October 6, 1994. On December 14, 1994, the NRC issued a Notice of Violation and Proposed Imposition of Civil Penalty—\$3000 and Notification of Consideration of the Imposition of Daily Civil Penalties for unauthorized possession of byproduct material and failure to comply with the Order Revoking License. The Licensee failed to respond to this action and on March 8, 1995, the NRC issued a Notice of Violation and Proposed Imposition of Daily Civil Penalties—\$15,000. The Licensee responded and transferred the byproduct material in its possession to an authorized recipient on March 24, 1995. The Licensee did not pay the outstanding civil penalties totaling \$18,000.

##### III

The Notice of Violation and Proposed Imposition of Civil Penalties dated December 14, 1994 and March 8, 1995 are still outstanding. As the parties

desire to resolve all matters pending between them, the Licensee, through its Assistant Secretary, Matthew Paolino, has entered into an agreement with the NRC executed on April 18, 1995. Under the terms of the agreement, the NRC withdraws the civil penalty in the amount of \$3,000 proposed by Notice of Violation dated December 14, 1994 and the daily civil penalties in the total amount of \$15,000 proposed by Notice of Violation dated March 8, 1995. Under the terms of the agreement, Joseph Paolino and Sons, Inc., Licensee, agrees that for a period of five years from April 18, 1995, (1) neither the Licensee, nor any successor entity, shall apply to the NRC for a license; and (2) neither Joseph Paolino and Sons, Inc. nor a successor entity, shall engage in NRC-licensed activities within the jurisdiction of the NRC for that same period of time.

#### IV

Accordingly, pursuant to sections 81, 161b, 161i, 186, and 234 of the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR 2.202, 2.205, and 10 CFR Parts 30, 34, and 150, IT IS HEREBY ORDERED THAT:

1. The NRC withdraws the civil penalty in the amount of \$3,000 proposed by Notice of Violation dated December 14, 1994 and the civil penalties in the amount of \$15,000 proposed by Notice of Violation dated March 8, 1995.

2. For a period of five years from April 18, 1995:

(a) Neither Joseph Paolino and Sons, Inc., nor any successor entity shall apply to the NRC for a license; and

(b) Neither Joseph Paolino and Sons, Inc., nor any successor entity, shall engage in NRC-licensed activities (including exercising any control over NRC-licensed activities) within the jurisdiction of the NRC for that same period of time.

3. If Joseph Paolino and Sons, Inc., or a successor entity, violates paragraph 2. of this section of the Confirmatory Order, then the remaining unpaid civil penalty amount shall be due and payable by Joseph Paolino and Sons, Inc. or a successor entity, immediately and without further notice.

#### V

Any person adversely affected by this Confirmatory Order, other than Joseph Paolino and Sons, Inc. or a successor entity, may require a hearing within 20 days of its issuance. Any request for a hearing shall be submitted to the Secretary, U.S. Nuclear Regulatory Commission, ATTN: Chief, Docketing and Service Section, Washington, D.C.

20555. Copies also shall be sent to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, to the Assistant General Counsel for Hearings and Enforcement at the same address, to the Regional Administrator, NRC Region I, 475 Allendale Road, King of Prussia, Pennsylvania 19406, and to the Licensee. If such a person requests a hearing, that person shall set forth with particularity the manner in which his or her interest is adversely affected by this Order and shall address the criteria set forth in 10 CFR 2.714(d).

If a hearing is requested by a person whose interest is adversely affected, the Commission will issue an Order designating the time and place of any hearing. If a hearing is held, the issue to be considered at such hearing shall be whether this Confirmatory Order should be sustained. In the absence of any request for hearing, the provisions specified in Section IV above shall be final 20 days from the date of this Order without further order or proceedings.

#### VI

On March 24, 1995, the Licensee transferred the byproduct material to Glasgow, Inc., an authorized recipient and the NRC, Region I, has confirmed that transfer. Accordingly, given the Licensee's failure to pay the annual fee for the License, the Licensee's transfer of the byproduct material, and the Licensee's agreement as described in Section III above, License No. 37-20746-01 is hereby terminated.

Dated at Rockville, Maryland this 9th day of May 1995.

For the Nuclear Regulatory Commission.

#### OFFICE OF PERSONNEL MANAGEMENT

##### Federal Prevailing Rate Advisory Committee; Open Committee Meeting

According to the provisions of section 10 of the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given that meetings of the Federal Prevailing Rate Advisory Committee will be held on—

Thursday, July 13, 1995  
Thursday, July 27, 1995  
Thursday, August 10, 1995  
Thursday, August 24, 1995  
Thursday, September 7, 1995  
Thursday, September 21, 1995

The meetings will start at 10:45 a.m. and will be held in Room 5A06A, Office of Personnel Management Building, 1900 E Street, NW, Washington, DC.

The Federal Prevailing Rate Advisory Committee is composed of a Chairman, five representatives from labor unions holding exclusive bargaining rights for Federal blue-collar employees, and five representatives from Federal agencies. Entitlement to membership on the Committee is provided for in 5 U.S.C. 5347.

The Committee's primary responsibility is to review the Prevailing Rate System and other matters pertinent to establishing prevailing rates under subchapter IV, chapter 53, 5 U.S.C., as amended, and from time to time advise the Office of Personnel Management.

These schedule meetings will start in open session with both labor and management representatives attending. During the meeting either the labor members of the management members may caucus separately with the Chairman to devise strategy and formulate positions. Premature disclosure of the matters discussed in these caucuses would unacceptably impair the ability of the Committee to reach a consensus on the matters being considered and would disrupt substantially the disposition of its business. Therefore, these caucuses will be closed to the public because of a determination made by the Director of the Office of Personnel Management under the provisions of section 10(d) of the Federal Advisory Committee Act (Pub. L. 92-463) and 5 U.S.C. 552b(c)(9)(B). These caucuses may, depending on the issues involved, constitute a substantial portion of the meeting.

Annually, the Committee publishes for the Office of Personnel Management, the President, and Congress a comprehensive report of pay issues discussed, concluded recommendations, and related activities. These reports are available to the public, upon written request to the Committee's Secretary.

The public is invited to submit material in writing to the Chairman on Federal Wage System pay matters felt to be deserving of the Committee's attention. Additional information on these meetings may be obtained by contacting the Committee's Secretary, Office of Personnel Management, Federal Prevailing Rate Advisory Committee, Room 1340, 1900 E Street, NW., Washington, DC 20415 (202) 606-1500.
